Care Management

Navigating support services can feel overwhelming, but our dedicated team is here to guide you every step of the way. Under this service, we work closely with you to understand your goals, coordinate services, and ensure you receive the right support to live well at home. 10% of your budget goes to care management. This covers coordinating your services so they match your needs, preferences and goals. There are no extra fees.

Service Scheduling

RLOA works with each participant to arrange services based on their assessed needs, goals, preferences and available Support at Home funding. Where appropriate, different types of support may be combined within the same visit to provide coordinated care and make efficient use of the participant's available budget. RLOA generally seeks to schedule direct support services in longer service blocks where this appropriately meets the participant's assessed needs and can be delivered within their care plan. The duration of each service will be agreed with the person and will reflect the support they require. Participants are only be charged for services that are agreed and delivered.

**Clinical support services are exempt from co-contributions. This will also include Personal Care from 1 October 2026.*

Rural Lifestyle Options Australia
Community Service Provider

How does Rural Lifestyle Options Australia deliver 'Support at Home' services?

Whether you are looking for help around the house, support with personal care, or just someone to spend time with, we are here to make life a little easier, so you can continue living the life you love at home.

Our Support at Home services are all about flexibility. We offer a wide range of Aged Care services under one model which is designed to evolve with you as your care needs change. When you sign up with Rural Lifestyle Options Australia, you will be supported by our experienced team, who will work alongside you to create a personalised care plan that meets your goals and maximises your support.
